ROAD TO REVIVAL OF TOURISM SECTOR POST COVID-19 SETBACKS

Industry Scenario

Tourism sector is a major engine for economic growth and generation of employment opportunities. The contribution of tourism for both direct and indirect jobs in the country was 80.54 million in 2017-18 and 88.72 million in 2018-19. Travel and Tourism was the largest service industry in India worth $234 bn in 2018. The industry was also one of the largest Foreign Exchange Earners in India with earnings of $29.962 billion over Jan-Dec 2019, equating a growth of 4.8% over the previous year.

However, since the beginning of 2020, like all other sectors of the economy, the tourism sector suffered enormous blow owing to the COVID-19 pandemic. As per the report entitled "COVID-19 and Tourism an Update: Assessing the Economic Consequences" published by the UN Conference on Trade and Development (UNCTAD) and the UN World Tourism Organization (UNWTO), the collapse of international tourism due to COVID-19 could cost the world at least $4 trillion in terms of global GDP for 2020 and 2021.

To assess the extent of losses to India's tourism sector, the Ministry of Tourism engaged National Council of Applied Economic Research (NCAER) in January 2021 to conduct study on "India and the Coronavirus Pandemic: Economic Losses for Households Engaged in Tourism and Policies for Recovery". As per the results of the study: (i) Due to overall economic slowdown during 2020-21, tourism economy or tourism direct gross value added (TDGVA) saw a fall of 42.8 percent in Q1; 15.5 percent in Q2 and fall of 1.1 percent in Q3. (ii) Due to significant drop in tourist arrivals and hence tourism expenditure, during the pandemic, it is estimated that TDGVA plummeted by as much as 93.3 percent in Q1 of 2020-21 over its level in the same quarter of previous year. It picked up slightly to post a fall of 79.5 percent in Q2 and that of 64.3 percent in Q3. (iii) A significant number of jobs were lost in the tourism sector once the lockdown was implemented. 14.5 million jobs during Q1, 5.2 million during Q2 and 1.8 million jobs during Q3 are expected to have been lost.

Replying to a query in the Lok Sabha during the Monsoon Session of the Parliament, Minister for Tourism Shri G Kishan Reddy said that in order to address the effects of COVID-19 pandemic on tourism sector, Government of India has taken a number of measures.

Fiscal and Relief Measures

- Under the AtmaNirbhar Bharat Package, Rs. 3 lakh crore collateral-free automatic loan has been made available for MSMEs. The loan will have 4-year tenure and 12-month moratorium.

CAREERS IN TRAVEL AND TOURISM INDUSTRY

Vijay Prakash Srivastava

The COVID-19 pandemic has adversely affected almost every sector of the economy, with travel and tourism being the worst affected. During most of 2020 and first half of 2021, lockdown and travel restrictions were in place, forcing people to forgo vacations and avoid tours. But now, with gradual easing of restrictions, travel and tourism is recuperating. In the month of August 2021 travel bookings reportedly spiked across the country with the promise of more in the coming months. Experts see this as a revival of the tourism business.

Tourism from a nation's perspective is a job creator, wealth enhancer and foreign exchange earner. This is the reason why most countries, including ours, give so much of attention to growth of tourism.

In terms of size, India is among the top ten countries, but we attract lesser number of foreign tourists than many smaller

nations like Singapore and Thailand etc., simply because for a long time we did not market our country as a tourist destination and failed to realise its potential in various respects.

Now things are changing for the better. The Government has increased allocation towards tourism related activities and has also roped Indian missions abroad to promote tourism in India. State Governments and Union Territories are also strengthening their tourism infrastructure and bringing up new facilities.

India's travel and tourism has a bright future for a number of reasons. Important among these are:

Size and population: India's huge landmass and large population makes a solid foundation for domestic tourism. The larger the area, more people will travel from one place to the other. Each year huge number of people from the south visit the north and tourists from northern states flock to southern attractions like Kovalam beach, historical city of Mysore etc.

Rich options: India has everything a tourist may want to experience.It has mountains, beaches, deserts, wildlife, historical monuments, etc. There are both summer and winter destinations with options like adventure,wellness,cruise and sports tourism. One may choose to go for a religious tour, village tour, tour of historical places or a combination of one's choice. Now, the country has also gained repute as a major destination for medical tourism in Asia.

Lower Cost: In comparison to developed countries like the US, Australia and Europe etc., travel and stay costs are much less in our country. For travellers on stringent budget, India offers an

REMEMBER US ONCE IN A WHILE... LETTERS OF MARTYRS

(BOOK EXCERPT)

It is true that the British ruled our country for over two centuries but it is also a fact that the people of our country were never able to accept their rule. The dissent against British rule found expression in one way or the other from the very beginning. By mid 19th century sparks of revolt against British domination had become visible and in 1857 they flared up and took the form of the war of Indian Independence. It is also called a mutiny. It was an armed revolt but it did not succeed. In this freedom struggle great patriots like Rani Lakshmibai of Jhansi, Nana Saheb, Tatya Tope fought under Bahadur Shah Zafar's leadership. About half a century later a non-violent movement against British rule started under Mahatma Gandhi's leadership. The Indian National Congress played a prominent role in it. Along with this a parallel resistance movement had also begun. Those who joined it felt that the non-violent movement was not enough. They thought it necessary to take up arms against the British. In this movement martyrs such as Chandrashekhar Azad, Ram Prasad "Bismil", Ashfaq Ullah Khan, Batukeswar Dutt etc. took an active part and sacrificed their lives for the country. These revolutionaries from time to time wrote letters to their parents, brother, sisters, friends and comrades. Publication Division's book titled 'REMEMBER US ONCE IN A WHILE... Letters of Martyrs' is a collection of their letters which inspire us with their intense feeling.

UNSUNG HEROES

BATUKESHWAR DATTA

Bhagat Singh and Batukeshwar Datta planned to undertake a hunger strike to seek improvement in the treatment of political prisoners.

Batukeshwar Datta wrote the following letter to the Superintendent, Lahore Jail, giving him notice of the hunger strike.

The Superintendent,

Central Jail, Lahore.

June 17, 1929.

I wish to inform you and senior officers that being a political prisoner I can demand the following facilities.

Following the bomb throwing in the assembly Lord Irwin had said in his last speech "these bombs have not been hurled at a person but at an institution." Middleton in his judgement has also referred "These men (Datta and Bhagat Singh) came to the court raising slogans Inquilab Zindabad (long live revolution), Sarvahara Zindabad (long live proletariat) etc. which made it clear what was their political thinking. In order to stop the spread of these thoughts I sentence them to life imprisonment."

Once again I want to say that when a European out of selfishness violated the law, he is provided all kinds of facilities in the jail. He will get an airy room, best meal (milk, butter, bread, meat etc.) and good clothes. But these facilities are not being provided to us, the political prisoners. The comments of Lord Irwin and Mr. Middleton are enough to prove that we are political prisoners and on this basis I demand that we should be treated as political prisoners. I must get a good meal necessary for the health of a man.

Besides, I should also get literature and newspapers for deliberating on political matters. People call us haughty, wayward and impatient youth. We should, therefore, be given opportunity to read different books so as to enable us to see if we are really impatient and wayward young men or not and whether our thinking about our task is right or not. My demands are the following:

1. Good meal - milk and bread in the morning, pulses, rice, ghee, vegetables and sugar in noon and bread, meat and chutney in the night,

2. Should not be asked to do physical labour.

3. Newspapers and literature of all types.

4. Bathing (facility) with soap, oil, comb and a barber.

5. Good lodging.

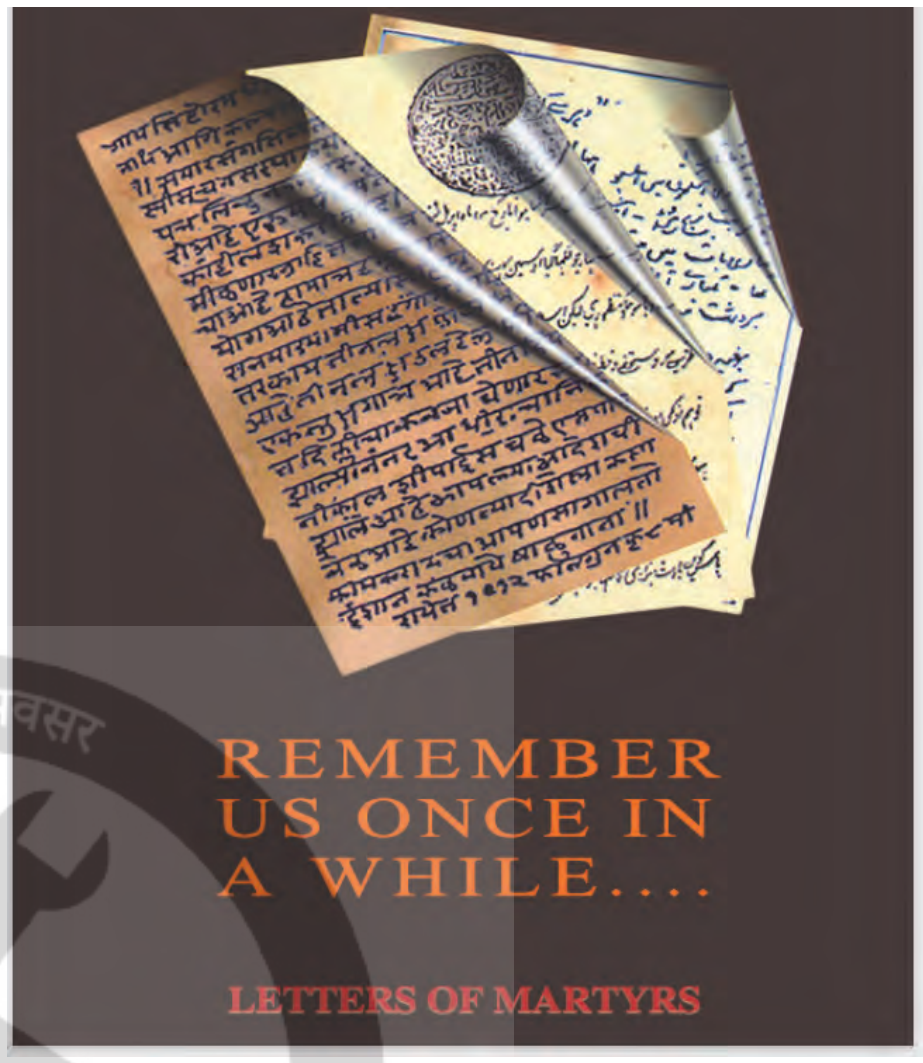

6. Own clothes.

All these things were provided to me at the expense of the jail before and after the sentence was pronounced. But these things are not being provided here. That is why I have gone on a hunger strike since June 14, 1929. For these reasons my associate Bhagat Singh is also on a hunger strike in Mianwali Jail. I won't give up my hunger strike as long as the government does not accept our demands.

I hope to receive a reply soon. I am ready to discuss the matter with any officer.

B K Datta

ROAD TO REVIVAL OF TOURISM SECTOR ...

- The Government has launched Emergency Credit Line Guarantee Scheme (ECLGS) to support eligible Micro, Small and Medium Enterprises (MSMEs) and business enterprises in meeting their operational liabilities and restarting their business. The scope of the scheme has been enlarged with introduction of ECLGS 3.0 to cover business enterprises in Hospitality, Travel & Tourism and Leisure & Sporting sectors.
- Under the new loan guarantee scheme for COVID-affected sectors, working capital/personal loans will be provided to people in tourism sector to discharge liabilities and restart after being impacted due to COVID-19. The scheme will cover 10,700 regional level tourist guides recognised by the Ministry of Tourism and tourist guides recognised by the State Governments and Travel and Tourism Stakeholders (TTS) recognized by the Ministry of Tourism. TTS will be eligible to get a loan upto Rs. 10 lakh each while tourist guides can avail loan upto Rs. 1 lakh each. There will be no processing charges, waiver of foreclosure/ prepayment charges and no requirement of additional collateral. The Scheme is being administered by the Ministry of Tourism through NCGTC (National Credit Guarantee Trustee Company Ltd.)
- In June this year, the Finance Ministry announced release of SEIS (Service Exports from India Scheme) scrips for 2019-20. Considering the circumstances after COVID-19, the Department of Expenditure, Ministry of Finance, agreed to the proposal of the Department of Commerce for continuation of SEIS for 2019-20 with a financial allocation of Rs. 2,061 crore. The SEIS offers incentives to registered service providers with transferable duty credit scrips as a percentage of their net foreign exchange earnings. These SEIS scrips can be used by service providers to pay several central duties and taxes, including the basic customs duty. SEIS scrips are currently given to tour operators on their forex earnings.
- The Central Government also gave relief to the tourism industry from various regulatory compliances under Income Tax Act, companies Act and GST Act for varying period in the wake of COVID-19 crisis to ensure business continuity and survival.
- The RBI also extended moratorium on term loans till December 31, 2020.
- Once visa issuance is restarted, the first 5 lakh Tourists Visas will be issued free of charge. The benefit of free of charge visa will be available only once per tourist during the issuance of the first 5 lakh tourist visas (free of charge visas). The scheme will be applicable till March 31, 2022 or till 5,00,000 visas are issued, whichever is earlier.
- Further, the Ministry of Tourism has issued modified guidelines for Recognition of Tourism Service Providers which became effective from January 2021. As per the modified guidelines, category of Greenshoot/ Start-up- Agencies is being introduced for the first time. This is in keeping with the policy of the Government for encouraging Start-Ups and will also further the cause of 'AtmaNirbhar India'.
- With an aim to incentivize stakeholders in the Tourism industry, the Guidelines for the Scheme of Market Development Assistance (MDA) for providing financial support to stakeholders for the promotion of Domestic Tourism have been modified to enhance the scope and reach of the scheme, so as to provide maximum benefits to the stakeholders.
- Additional promotional activities have been incorporated including online promotions and the extent of financial assistance permissible has been enhanced.
- Validity of approval or certifications of hotels and other accommodation units whose project approval/re-approval and classification/reclassification have expired/were likely to expire, has been extended upto September 30, 2021.
- Recognition of Travel Agents, Tour Operators, Tourist Transport Operators by the Ministry of Tourism has been extended automatically by six months. Those who have submitted applications for recognition by the Ministry have been given provisional recognition for six months, pending completion of required procedures.

The above moves are expected to immensely help the stakeholders in the tourism sector by providing them much required liquidity to gear up for the operations in near future. Similarly, it is also expected to provide much needed relief to the government approved tourist guides who have been affected by the ongoing slowdown in the sector due to the pandemic.

Operational Recommendations

Meanwhile, Standard Operating Procedures (SOPs) and guidelines for safe resumption of business with easing of lockdown restrictions have been issued for various segments of the travel and hospitality industry and circulated amongst all stakeholders.

- With a view to prepare for a post-COVID-19 revival, the Ministry of Tourism has formulated and issued detailed operational guidelines for COVID safety and hygiene for hotels, restaurants, B&Bs/Homestays and Tourism Service Providers to facilitate smooth resumption of business.
- An initiative called SAATHI (System for Assessment, Awareness & Training for Hospitality Industry) has been developed. The Ministry of Tourism has partnered with the Quality Council of India to implement this initiative. The initiative aims to ensure safety and health of employees and guests; identify vulnerable areas within the organization which needs to be plugged; help the hospitality unit in complying with the COVID-19 related regulatory requirements, and ensuring continuity in operations.

Capacity Building for Service Providers

In addition to various fiscal and relief measures to support the tourism sector from the impact of the COVID-19 pandemic, the Ministry of Tourism has also taken steps to increase the opportunities of employment in tourism sector. The Ministry has put in place the Scheme of "Capacity Building for Service Providers" (CBSP) to provide education, training and certification to the tourism service providers at every level. The main objectives of this scheme are to train and up-grade manpower at every strata of service and to provide professional expertise to the local populace as well as to create employable capacity in the tourism sector both in urban and rural areas. Presently, the programmes being conducted under the CBSP Scheme are Hunar Se Rozgar Tak (HSRT), Skill Testing & Certification (ST&C) for existing service providers, Tourism Adventure and Escort Courses, Linguistic Tourist Facilitators (LTF), Sensitization Programme/ Tourism Awareness Programme (for existing service providers) and entrepreneurship Programme. Besides the above, the Ministry has launched destination based capacity building programme so that tourism service providers can take the courses without having to travel to far-off cities where the institutes are usually located and in turn ensuring that the sector is no longer serviced by untrained hands.

New Policies

The Central Government plays an important role in developing a strong visitor economy which is evident from the fact that the Ministry of Tourism has also undertaken a slew of initiatives, such as the Incredible India 2.0 campaign focusing on niche tourism products

CAREERS IN TRAVEL AND TOURISM INDUSTRY

amazing value. When people travel in groups, this cost becomes lower.

Improved Facilities: With transportation and infrastructure development gaining momentum, Indian tourist destinations have become better connected. There are more trains, flights and road transport facilities to take people to different places. UDAAN has made smaller but important places more accessible. There is variety in stay options with homestays becoming major attractions. Online booking, integrated and guided tour packages have made travel easier and simpler.

Growth in MICE tourism: MICE is an acronym for Meetings, Incentives, Conferences and Exhibitions. Many corporates hold their meetings at a place different from the one where their office is located. This includes overseas destinations also. The idea of travel as a reward or incentive is picking up fast and many companies send their star performers on a paid holiday to a domestic or overseas destination. As per an estimate by India Brand Equity Foundation, international tourist arrivals in the country are expected to reach 30.5 million by the year 2028. Our government has planned to achieve 2 percent share in world's international tourist arrivals by 2025.

Considering the above, the field of travel and tourism appears to be promising for career opportunities. Some job roles in the industry with job descriptions are explained below-

Booking Agent: As a booking agent you will be required to take care of booking requests from your clients who can be individuals, families and groups. Bookings are for trains, buses and other forms of road transport, airlines, cruise liners, hotel rooms, foreign exchange, etc. In many cases end to end bookings have to be made by a booking agent.

Tour Operator: A tour operator has comprehensive jobs to accomplish. This includes responsibilities ranging from planning a tour with finer details to ensure its smooth execution.

Travel Counsellor: A travel counsellor is a consultant for travel plans. Based on customer requirements, she makes suggestions about places to visit, itinerary to follow and optimum period of stay at particular destinations. This travel counsellor can also advise about costs and help people choose a travel plan within their budget.

Tourist Guide: As the term suggests, tourist guides are people who accompany tourists visiting places of importance and tell them about the history, culture and other important aspects of the place. Many of the tourists are quite curious to know such things for whom the guide works as a source for ready reference. In some cases, tourist guides are able to share interesting and valuable information not easily available in books etc. Those who have visited places like Agra and Jaipur etc. may have come across such guides.

Travel Writer/Journalist: Those with a creative bent of mind and interested in exploring the world may think of choosing this career. In this career you visit interesting places, gather detailed information about it and then develop content for sharing with masses. The content can be as articles, photo feature, documentary, blog etc. There are many travel publications (example Lonely Planet, Outlook Traveller, Conde Nast Traveller etc.) and satellite channels like Discovery, History, Animal Planet etc. who are in need of such people. Online content creation relating to travel is also an opportunity.

Where to look for jobs

Careers related to travel and tourism may be pursued in different types of organizations. The choice of organization will depend on the qualification you've acquired and your interest. For example those who don't like moving from one place to the other may prefer to work as a booking agent whereas others have option to mantle the role of a travel journalist or a tour operator. A list of places offering work opportunities in travel and tourism is given below:

Government tourist offices/ departments: Government of India has its tourist offices all over the country and also at many foreign centres. Similarly, all state governments and union territories have their tourism departments engaged in promoting tourism in their respective areas. Himachal Tourism, Goa Tourism, Kerala Tourism, and Tamil Nadu Tourism can be considered as examples, India Tourism Development Corporation is a national body for promotion of tourism in the country.

Travel agencies: A number of travel agencies operate at global, national and local levels offering various services. Such agencies have multiple job roles available. Travel Corporation of India, Thomas Cook, Cox & Kings, SOTC are some of the well-known travel agencies. Government of India undertaking Balmer Lawrie is also in travel business.

Online portals: In last few years, a number of online travel portals have come up whose market share is on the rise. MakeMyTrip, Yatra, EaseMyTrip, Goibibo, Cleartrip, Expedia, are some of the popular online travel portals which offer ticket booking, group and customised travel packages etc.

Print and Electronic Media: There are many travel publications having their own team to write travel features, articles etc. Leading newspapers and magazines have also their travel writers. Satellite channels are in need of people having interest in travel writing, photography etc. There are many media agencies bringing out magazines for airlines. One may choose to work for them as well.

Airlines: Ticketing is a major activity for airlines.Now many airlines have started other related services like hotel bookings, travel cum tour packages, holiday packages etc. You have opportunity to work with home grown airlines like Air India, Indigo, Spicejet, Vistara, Goair and foreign airlines such as Swissair, Lufthansa, American Airlines etc.

Cruise Liners: Here the opportunity to work is available in the offices of cruise liners and at the cruise ship itself. The ships are very large having multiple facilities like picture hall, gym, dining area, dance floor, swimming pool etc. Royal Caribbean, Star Cruise, Oceania cruises, Norwegian Cruise Line are some of the major names in cruise industry.

What to Study

To make a career in travel and tourism, there are postgraduate, graduate, diploma and certificate courses to choose from. Few institutes offer postgraduate degree (MBA)/diploma in hospitality management etc. Bachelor courses are available as BA in Travel and Tourism Management/ Hospitality Management/ Hospitality and Travel Management etc. At few institutes Bachelor of Business Administration (BBA) course with emphasis on travel/ tourism/hospitality management is offered. Diploma courses may be pursued after 10+2 in areas like hospitality management/ ticketing etc. Make sure that the course you choose has right credentials and proper recognition. Additional care should be taken in respect of diploma courses.

Where to study

Indian Institute of Tourism and Travel Management (IITTM) is a premier institute in travel and tourism education. It has four centres at Gwalior, Bhubaneshwar, Noida and Nellore. The institute offers MBA in Tourism and Travel related Management to which admission is based on valid score in CAT/MAT/CMAT/ GMAT/ATMA/ XAT or IGNTU-IITTM Admission Test. The institute has a Centre of Water Sports at Goa. Specializations available differ from centre to centre. For example the Gwalior centre has specializations available in International tourism/Tourism services. IITTM also conducts regional level guide training programmes all over the country and short term courses in different branches of tourism like agri-tourism, etc. Few state tourism bodies like Punjab Heritage & Tourism Promotion Board too conduct tourist guide courses.

Bundelkhand University, Jhansi has courses like MBA (Tourism), Master of Hotel Management, Bachelor of Hotel Management & Catering Technology and BBA (Tourism), Jiwaji University, Gwalior conducts MBA (Tourism Administration), MBA (Heritage Tourism Management), Bachelor of Hotel Management & Catering Technology and Bachelor of Tourism Management

Utkal University in Odisha offers Master in Tourism & Heritage Management.

Aligarh Muslim University conducts Master of Tourism & Travel Management and Postgraduate Diploma in Hospitality Management

Kurukshetra University in Haryana is running B.A. in Tourism & Travel Management and Master of Tourism & Travel Management

Goa University has B.Sc. in International Hospitality Education and M.A. in Travel & Tourism

Pondicherry University in south offers MBA (Tourism)

Cochin University of Science & Technology, Kerala has MBA (Travel & Tourism)

Many more universities have been running programmes in travel and tourism. There may be one near you.

In private sector Thomas Cook centre of learning offers Postgraduate Diploma in Travel & Tourism Management, Advance Diploma in Travel & Tourism, Certificate Course in World Tour Management and few others. Kuoni Academy has Certified Advanced Course in Travel & Tourism Management, International Masters in Tourism Management and MICE Management programme.

International Air Transport Association (IATA) through its training partners, conducts a number of vocational courses relevant for travel and tourism industry. Two examples are Certificate Foundation Course in Travel & sTourism and IATA Consultant Course.

The above is an indicative list of universities, institutes and courses.

Few of the courses may have been suspended due to given situation, so candidates are advised to check.

In few cases, a career in travel and tourism becomes possible without professional qualification in this particular discipline. For example a person holding MBA with specialization in marketing management also has the option to join travel/tourism business.

6. Obtaining minimum qualifying marks in the written test does not confer any right or claim by the candidate for being shortlisted for SPPT or the final selection, as the same is based on candidate's rank in the merit list on the basis of marks obtained in the Written Test, ratio applied, relative performance in respective categories, number of seats in respective Posts, Reservation position, candidates meeting the notified eligibility criteria & other parameters and documents found in order upon verification.
7. Short listed candidates, in the ratio of 1:2 (two candidates for one post, with due cognizance to number of reserved posts) subject to securing minimum qualifying marks in the written test, will be required to undergo a Skill/Proficiency/Physical Test (SPPT).
8. In case of tie of marks in the written test for the last position on the Shortlist for SPPT, all such candidates shall be called for the SPPT, even if the total number exceeds the prescribed ratio. If such a situation arises anywhere before the last position while drawing a list, the last name/last few names, in proportion to the prescribed ratio, will get eliminated.
9. Category-wise Merit list shall be drawn on the basis of marks obtained in the written test from & out of the said short-list; only for such candidates who qualify in the SPPT.
10. In case of tie of marks for the last position on the Merit List, the candidate with prior date of birth (senior by age) shall find a place in the Merit list. However, the name of the junior shall also be retained in the said Merit List, as the last name. If such a situation arises anywhere before the last position while drawing a list, the last name/last few names in the list, in proportion to the prescribed ratio, will get eliminated.
11. PwBD (availing of relaxation in qualification or written test qualifying marks) and Ex-Servicemen candidates, if found suitable, will be considered against reserved vacancy irrespective of their position in Merit list (in order of merit within the category) on horizontal reservation policy.
12. However, a PwBD candidate availing of only age relaxation (no relaxation in eligibility qualification marks / in Written test qualifying Marks) shall be considered against an unreserved post in order of merit in the select list, before being considered against a reserved post.
13. SC/ST/OBC (NCL) Candidates, who have availed of concession in Age or Eligibility qualification marks or in Written Test qualifying marks, as is available to the category, will be considered against reserved vacancies, irrespective of their position in select list (in order of merit within the category).

CORRIGENDUM

This has reference to the Employment News dated 5-11 October 2019 (Page 36 [EN 27/37]) and the Employment News dated 14 - 20 December 2019 (Page 12 [EN 37/83]) inviting therein applications for filling up of one post of **Assistant Director (Official Language)** in the Directorate of Adult Education (DAE), New Delhi, a Subordinate Office of the Department of School Education and Literacy, Ministry of Education (erstwhile Ministry of Human Resource Development), Government of India by transfer on deputation (including short-term contract). It is clarified that, inadvertently, the mode for appointment was published as "to be filled by transfer on deputation (including short-term contract)". It stands corrected and should be read as:

"to be filled by Composite method i.e. Deputation (including short-term contract) plus Promotion"

Note: All other terms and conditions would remain the same.

RECRUITMENT FOR REGULAR POSITIONS AT CESL

Convergence Energy Services Limited (CESL) is a newly established subsidiary of state-owned Energy Efficiency Services Limited (EESL), itself a joint venture of public sector companies under the Ministry of Power, Government of India. CESL is focused on delivering clean, affordable and reliable energy. Convergence focuses on energy solutions that lie at the confluence of renewable energy, electric mobility and climate change. It builds upon the decentralised solar development experience in underserved rural communities in India, and over time, using battery energy storage, will deliver renewable energy solutions to power agricultural pumps, street lighting, domestic lighting and cooking appliances in villages. CESL will also work to enable battery powered electric mobility and its infrastructure and design business models to increase the uptake of electric vehicles in India. To enable commercialization of these solutions at scale, Convergence will employ business models that utilize a blend of concessional and commercial capital, carbon finance and grants as appropriate.

CESL is looking for enthusiastic, committed professionals. The interested candidates may only apply ONLINE, the applications received through any other mode shall not be accepted and summarily rejected. **The last date of submission of online applications is 07th September 2021 to 27th September 2021 till 10:00 pm.**

LESSER KNOWN TOURIST PLACES IN INDIA

WORLD TOURISM DAY SPECIAL

Clockwise from top left: 1. Unakoti (Tripura), 2. Nartiang Monoliths (Meghalaya), 3. Mubarak Mandi Palace (J&K), 4. Shettihali Church (Karnataka), 5. Sher Shah Suri Tomb (Bihar), 6. Harike Wetland & Bird Sanctuary (Punjab), 7. Orchha (Madhya Pradesh), 8. Chausath Yogini Temple (Odisha), 9. Undavalli Caves (Andhra Pradesh), 10. Lolegaon (West Bengal).

EN Explains

Tourism is one of the world's most important economic sectors. It employs one in every ten people on the planet and provides livelihood to hundreds of millions more. It allows people to experience some of the world's cultural and natural riches and brings people closer to each other, highlighting our common humanity. Tourism is an essential pillar of the 2030 Agenda for Sustainable Development and the commitment to our Sustainable Development Goals, particularly Goals 1 (no poverty), 5 (gender equality), 8 (decent work and economic growth) and 10 (reduce inequalities), 12 (responsible consumption and production), and 14 (life below water).

World Tourism Day has been observed on September 27 each year since 1980. The date marks the anniversary of the adoption of the Statutes of the Organization in 1970, paving the way for the establishment of World Tourism Organization (UNWTO) five years later. It is the day to foster awareness of tourism's social, cultural, political and economic value and the contribution that the sector can make towards reaching the Sustainable Development Goals.

UNWTO as the United Nations specialized agency for responsible and sustainable tourism, is guiding the global sector towards inclusive recovery and growth. UNWTO ensures every part of the sector has a say in its future.

Tourism for inclusive growth

In the wake of the COVID-19 pandemic, which has severely hit the tourism sector, UNWTO has therefore designated World Tourism Day 2021 as a day to focus on "Tourism for Inclusive Growth". In 2020-21, an additional 32 million people were pushed into extreme poverty. In least-developed countries especially, women have been hit hardest by the global crisis caused by the pandemic. One reason for this is that they mainly work in the sectors most-affected by the pandemic, including tourism.

As the tourism sector grapples to reach its former glory, it is essential that the benefits this will bring are enjoyed widely and fairly. This is an opportunity to look beyond tourism statistics and acknowledge that, behind every number, there is a person. UNWTO encourages its Member States, as well as non-members, sister UN agencies, businesses and individuals to celebrate tourism's unique ability to ensure that nobody is left behind as the world begins to open up again and look to the future.

As we celebrate the Day, let us look at some lesser-known places of interest for tourists in India.

1. Unakoti, Tripura

It is a 'Shaiba' (Shaivite) pilgrimage and dates back to 7th-9th centuries. Unakoti means one less than a crore and it is said that these many rock-cut carvings are available here. The site has marvellous rock carvings, murals with their primitive beauty, and waterfalls. Among the rock-cut carvings, the central Shiva head and gigantic Ganesha figures deserve special mention. The central Shiva head known as 'UnakotiswaraKalBhairava' is about 30-feet high, including an embroidered head-dress which itself is 10-feet high. On each side of the headdress of the central Shiva, there are two full size female figures - one of Durga standing on a lion and another female figure on the other side. In addition, three enormous images of Nandi Bull are found half buried in the ground. There are various other stone as well as rock cut sculptures at Unakoti.

2. Nartiang Monoliths, Meghalaya

The Jaintia districts of Meghalaya have a distinct royal history and Nartiang is one of the best places to see well-preserved remnants from this glorious chapter. The garden of monoliths features a collection of large monoliths or Megalithic stones that were erected as monuments for the old kings. These consist of Menhirs (upright stones) or Moo Shynrang and Dolmens (flat stones in the horizontal position) locally known as Moo Kynthai. The standing monoliths or Menhirs are dedicated to the male ancestors while the flat ones, the Dolmens, are dedicated to the women. Some of these stones were erected half a millennia ago and additions were made till the middle of the nineteenth century.

3. Mubarak Mandi Palace, Jammu and Kashmir

Once a royal residence of Dogra kings, Mubarak Mandi Palace has a history of more than 150 years. It was their main seat till 1925 when Maharaja Hari Singh moved to the Hari Niwas Palace in the northern part of Jammu. The palace is built in a manner that resembles both Rajasthani and Mughal architecture. One can also visit the Pink Hall that houses the Dogra Art Museum with miniature paintings of the various Hill Schools of Kangra, Jammu and Basholi. The architecture is captivating and a blend of Rajasthani, Mughal and European styles.

4. Shettihalli Church, Karnataka

Rosary Church or Shettihalli Church was built about 160 years ago by the Europeans in the Shettihalli village, along the banks of River Hemavathi. Later on, a dam was built by the government which caused flooding and today, during monsoon, the church submerges in water to a great extent and creates an illusion of a floating monument. The Church reflects the French Gothic style of architecture. The towering columns along with the arched walls are still visible with black and grey tints, rising above the blue rippling water.

5. Sher Shah Suri Tomb, Bihar

The tomb was built in memory of Emperor Sher Shah Suri, a Pathan from Bihar who defeated the Mughal Empire and founded the Suri Empire in northern India. The Tomb of Sher Shah Suri is situated at Sasaram in Rohtas district of Bihar. Sher Shah Suri's tomb is a majestic example of ancient architecture. Designed by the architect Mir Muhammad Aliwal Khan and built between 1540 and 1545, it has elements of Indo-Islamic architecture which include large open courtyards, high domes, and pillars; it has hints of Afghan architecture as well. This beautiful structure is a three-storeyed high mausoleum (approximately one hundred and twenty-two feet). It stands in the middle of an artificial square-shaped lake.

6. Harike Wetland and Bird Sanctuary, Punjab

Also known as Hari-ke-Pattan, this is the largest wetland in northern India and is located at the confluence of Beas and Sutlej rivers. Situated in the Tarn Sahib District in Punjab, Harike Wetland and Bird Sanctuary was formed in 1953 and is spread across Amritsar, Ferozepur and Kapurthala. The wetland ecosystem covers an area of 4,100 hectare and is an internationally recognised Ramsar site (a wetland designated to be of international importance). A number of migratory birds visit here from the Himalayas, Siberia and Europe. One can also find the rare Indus river dolphin. Inside the sanctuary is the serene Harike Lake, where most of the sightings are possible.

7. Orchha, Madhya Pradesh

The historic town of Orchha, nestled on the banks of River Betwa, was founded in the 16th Century by the Bundela Rajput Chief, Rudra Pratap, who became the first King of Orchha, and also built the Fort of Orchha. Here, Betwa splits into seven channels, also called the Satdhara. Legend goes that this is in honour of the seven erstwhile chiefs of Orchha. Known as Osseen in ancient times, the city lies roughly 16 km from the town of Jhansi in Uttar Pradesh. The Fort complex is within an island formed by the confluence of the rivers Betwa and Jamni in Orchha town. Approached from the eastern part of the market in the town through multiple arched bridges with 14 arches built in granite stones, the Fort consists of several connected buildings erected at different times. Raja Ram Temple, Chaturbhuj Temple, Jehangir Mahal, Raj Mahal, Sheesh Mahal and Rai Praveen Mahal are part of the Fort complex.

8. Chausath Yogini Temple, Odisha

The circular open-roofed temple is one of the four surviving temples in India of the Yogini cult which flourished in the country from the 8th Century AD to 13th Century AD. The temple located 15 kilometre from Bhubaneswar at a hamlet called Hirapur was built in the 9th century AD and has been attributed to Queen Hiradevi, mother of King Subhakar Dev II of the Bhaumakar dynasty. The Yogini cult practiced yoga along with tantrism. The object of worship was usually a Chakra or Wheel which had sixty four spokes, hence the name (Chausathi translates to sixty four in Odia). The presiding deity is Goddess Kali. The circular open air structure is a stark departure from the traditional form of temple architecture in Odisha. This may have been necessitated by the fact that the cult worshipped the five elements—air, water, fire, earth and ether or sky. The Yoginis are carved out of black slate stone and are depicted riding their vahanas (mounts) here.

9. Undavalli Caves, Andhra Pradesh

The Undavalli Caves date back to the 7th century BC and are prime examples of rock-cut architecture. The caves are about 8 kilometres from Vijayawada and offer a unique perspective into ancient religious practices. The caves are carved out of sandstone on the side of a hill. While there are many caves, the largest is the one that is most popular for its huge monolith of Lord Vishnu in the reclining posture. The main cave is a prime example of Gupta architecture style, which concentrated on primitive rock-cut monastery cells.

10. Lolegaon, West Bengal

A small peaceful hamlet in the Kalimpong sub-division of Darjeeling District, Lolegaon is nature's paradise on its own with beautiful landscape, comprising lush green forest and serene valleys. The peaks of Kanchenjunga rise majestically in the morning mist. Lolegaon is a one hour journey from Kalimpong and Lava through the serpentine forest road. Lolegaon offers small treks and trails. Lolegaon is a beautiful Lepcha village of scenic splendour. It has a heritage forest and an observation point called Jhandi Dara, for viewing the snow peaks of the Singalila Range.

ROAD TO REVIVAL OF TOURISM SECTOR ...

including wellness and adventure tourism, as well as investment into the industry through schemes, such as PRASHAD and Swadesh Darshan. Further, the Ministry of Tourism has outlined policies to support new tourism products such as development and promotion of caravans and caravan camping parks. The Ministry of Road Transport and Highways has introduced a new scheme-All India Tourist Vehicles Authorisation and Permit Rules, 2021. Through this scheme, a tourist vehicle operator can receive an 'All India Tourist Authorisation/Permit' online within 30 days of submitting an application.

Thrust on Domestic Tourism

India has a robust domestic market which could soften the impact as compared with nations that rely largely on international tourists. At least 24 million Indian tourists travel abroad each year and spend an estimated $25 billion. Given the international travel restrictions in place, the government has taken the opportunity to retain these high-spending tourists by incentivizing domestic travel. Critical to the success of this would be to allay the anxieties of tourists by ensuring that robust protocols for safety and hygiene are in place.

The Ministry of Tourism launched the Dekho Apna Desh initiative in January 2020 with the objective of creating awareness among the citizens about the rich heritage, culture, lesser known destinations, local destination of the country to promote domestic tourism. This initiative is in line with the Independence Day address of the Honourable Prime Minister asking every citizen to visit at least 15 destinations by the year 2022. Under this initiative, Tourism Ministry is carrying out promotional activities like webinars, online pledge and quiz programmes to generate awareness among the public about the country and its tourism destinations/products including lesser known destinations, heritage, culture local tourism destinations, etc. Dekho Apna Desh initiative is being promoted extensively on social media accounts and website of the Ministry and by Domestic India Tourism offices. The field offices of Ministry of Tourism across India have been undertaking various promotional activities with the objective of showcasing the tourism potential of the country and raising awareness regarding local tourism and promoting local religious and non-religious spots to the tourists coming from both outside and within the state. Road shows are being held at a number of locations to promote domestic tourism. Concerted efforts are being made in creating awareness on protocols of safety and security among the tourists as well as service providers in terms of India being safe destination to travel in post-COVID scenario.

Leveraging Rural income through Tourism

The COVID-19 induced lockdown in India was a huge economic shock. It started across the country on March 24, 2020 and is still ongoing with restrictions in one form or other. It stalled the economy with complete closure imposed on enterprises across all sectors. Even though agricultural activities were exempted, in the initial phases of the lockdown the agriculture value chain also faced large-scale disruptions. This had a serious detrimental effect on the rural Indian economy. The coronavirus pandemic has also triggered a massive reverse migration from the urban to rural areas in large parts of the country. Considering the unique role tourism plays in providing livelihood opportunities outside big cities while preserving cultural and natural heritage of the country, Rural Tourism has been identified as one of the niche tourism areas for development. With this, the Government plans to adopt a comprehensive strategy to encourage rural tourism in India under the Atma Nirbhar Bharat to revive the economy. Minister for Tourism Shri G Kishan Reddy told the Parliament on 19th July this year that the Ministry of Tourism has been actively working on promotion and development of this niche area of tourism. The Ministry of Tourism has accordingly formulated a Draft National Strategy and Roadmap for Development of Rural Tourism in India—an initiative towards AtmaNirbhar Bharat. Driven by the spirit of "Vocal for Local", rural tourism can contribute significantly to the mission of AatmaNirbhar Bharat. In order to develop rural tourism in the country, the strategy focuses on the following key pillars:

- Model policies and best practices for rural tourism
- Digital technologies and platforms for rural tourism
- Developing clusters for rural tourism
- Marketing support for rural tourism
- Capacity building of stakeholders
- Governance and Institutional Framework

Draft National Strategy and Roadmap for Development of Rural Tourism in India focuses on generating income and jobs in rural areas and empower local communities, youth and women, fulfilling the vision of AatmaNirbhar Bharat.

Travel and tourism sector is one of the key contributors to Indian economy, and the government is taking proactive measures to help the industry navigate the COVID-led challenges. These measures are expected to infuse the required liquidity to support operations in near-term. It will also support Government-approved tourist guides, who have been hit by the ongoing slowdown in the sector amid the pandemic and will help the sector to achieve the projected GDP contribution of Rs. 12.68 trillion by 2028.

Centre hikes financial support for establishment of Ayush Colleges

The government has increased the financial support from nine crore to 70 crore rupees to ensure more Ayush Colleges are opened across the country. Union Minister Sarbananda Sonowal said that the Indian traditional medicine systems can only be popularised by making available more qualified practitioners. The Minister also announced the starting of a Panchkarma Technician course affiliated to Health Sector Skill Council - National Skill Development Corporation at Central Ayurveda Research Institute (CARI), Guwahati to produce skilled manpower for Panchkarma therapy in the Northeastern region and enhance the employment opportunities in this part of the country. For the first time, a conference focusing on students and their career choices and the potential of start-ups in the sector was organized by the Ministry of Ayush with a special focus on education, entrepreneurship and employment in Northeastern states.

'Medicines from the Sky' project launched in Telangana

Union Minister for Civil Aviation Jyotiraditya Scindia has launched the Medicines from the Sky project to send medicines to Primary Health Care Centres (PHCs) using drones. With this, life-saving drugs, vaccines and blood can easily be transported to places, beating traffic and other hurdles. The project was launched at Vikarabad in Telangana. Drones carry a payload of vaccines and other medicines to Public Health Centers under the project. The first sortie was carried out by a drone built by SkyAir Mobility for its Consortium partner Blue Dart Express and delivered a five-kg box of vaccines to a community Health Care Center located 3 kms away. The 'Medicine from the Sky' project is an initiative of the Government of Telangana led by the emerging technologies wing of state IT department in association with World Economic Forum, NITI Aayog, and HealthNet Global.

US, UK, Australia form new security partnership for Indo-Pacific

The US, UK and Australia have announced the formation of AUKUS - a new trilateral security partnership for Indo-Pacific region. The first project of AUKUS will be to help Australia acquire a nuclear-powered conventionally-armed submarine fleet. AUKUS along with the Quad (Quadrilateral Security Dialogue), that includes India, are more than likely to be seen as counterweights to China's growing muscle-flexing in the Indo-Pacific region.

New government announced in Lebanon with Najib Mikati as PM

A new government has been announced in Lebanon over a year after the previous administration quit following the devastating Beirut port explosion. Najib Mikati has become the Prime Minister, a position he has held twice before. His appointment, along with the naming of a new cabinet, ends months of political paralysis. It comes as Lebanon grapples with some of the severest domestic crises it has faced in its history. Lebanon had been without a proper functioning government since then-Prime Minister Hassan Diab resigned days after a massive blast on 4th of August last year destroyed Beirut port and the surrounding area. The explosion, caused by improperly stored ammonium nitrate, killed 203 people, injured at least 6,000 others and left billions of dollars of damage.

Centre announces major reforms in Telecom sector

The Cabinet has approved a number of structural and process reforms in the Telecom sector. These are expected to protect and generate employment opportunities, promote healthy competition, protect interests of consumers, infuse liquidity, encourage investment and reduce regulatory burden on Telecom Service Providers. The reform measures will further boost the proliferation and penetration of broadband and telecom connectivity. Electronics and IT Minister Ashwini Vaishnaw said the package is also expected to boost 4G proliferation, infuse liquidity and create an enabling environment for investment in 5G networks. Moreover, 100 per cent Foreign Direct Investment (FDI) under automatic route has been permitted in Telecom Sector to encourage investment. The tenure of the spectrum auctions has been increased from 20 to 30 years.

PLI for automobile, drone industries to enable best technologies

The Centre has approved the PLI Scheme for Automobile Industry and Drone Industry with a budgetary outlay of Rs. 26,058 crore. The PLI Scheme for the auto sector aims to overcome the cost disabilities to the industry for manufacture of Advanced Automotive Technology products. It is estimated that over a period of five years, the PLI Scheme for Automobile and Auto Components Industry will lead to fresh investment of over Rs. 42,500 crore, incremental production of over Rs. 2.3 lakh crore and will create additional employment opportunities of over 7.5 lakh jobs. Further this will increase India's share in global automotive trade. The PLI Scheme for the Drones and Drone Components Industry addresses the strategic, tactical and operational uses of this revolutionary technology. A product specific PLI scheme for drones with clear revenue targets and focus on domestic value addition is key to building capacity and making these key drivers of India's growth strategy. The PLI for Drones and Drone Components Industry, will over a period of three years, lead to investments worth Rs. 5,000 crore, increase in eligible sales of Rs. 1500 crore and create additional employment of about 10,000 jobs.

Private manufacturing firms' sales soar 75% in Q1 of FY 21-22

The Reserve Bank of India released data on the performance of the private industries during the first quarter of the current financial year. Data says, sales of manufacturing companies have registered massive growth of 75 per cent which was -41.1% in the same quarter of last financial year. RBI said, all the major sectors recorded high growth during the quarter. Sales of IT companies increased by 17.5 per cent as compared to 6.4 per cent last year. To meet sales demand, companies have increased their expenditure on raw material. Rise in sales has also impacted positively on profits of these companies and high growth is reported in profit of IT and non IT companies. As per RBI, Operating Profit Margin remained stable for manufacturing and IT companies during the quarter, but it moderated for the non-IT services companies.

Harmilan Kaur sets national record in 1500m sprint

Punjab's Harmilan Kaur Bains stole the thunder from the sprinters by breaking Sunita Rani's long-standing national record in the 1,500 metres on the second day of the 60th National Open Athletics Championships in the Jawaharlal Nehru Stadium in Hanamkonda in Telangana. Delhi's K. M. Chanda gamely shadowed Harmilan until the Punjab runner sped away at the bell to win by a sizable margin. Harmilan remains undefeated in eight national-level 1,500 metres races since January 2020. Naresh Kumar from Andhra Pradesh and Delhi's Tarandeep Kaur took the honours as the fastest male and female athlete of the meet by winning the 100 metres dash.
